## 20th Canadian Collaborative Mental Health Care Conference

We are excited to welcome health care providers, planners, patients, and families to join us from May 10 —11 at the Sheraton Vancouver Airport Hotel conveniently located close to both YVR and the Canada Line. We will be bringing together experts in both mental health *and addiction* to explore how we collaboratively support people living with both challenges at the same time.

This growing conference is in its 20th year and has proven to be integral to nurturing innovations in mental health service delivery across Canada to better meet the needs of the Canadian population. Collaborative Care models lead to better recovery from illness and improved access to care. Work presented at this conference has attracted international interest. The conference provides lively opportunities for interaction between clinicians, researchers, policymakers, patients and caregivers.

We are now inviting organizations and companies interested in collaborative care to support and we would appreciate hearing from you at your earliest opportunity.

If you have any questions regarding the program content or organization please feel free to contact: **Lindsay Callan** at UBC CPD [Lindsay.c@ubc.ca](mailto:Lindsay.c@ubc.ca), or via phone at 604-875-4111 ext. 24622.
