

Exhibit Information

11th Canadian Conference on Collaborative Mental Health Care

May 13 – May 15, 2010
 Delta Winnipeg, Winnipeg, Manitoba

Our conference aims to meet the practical needs of clinicians who see the importance of promoting mental health within their practices. Collaborative Care within primary health care has a tradition of 'TEAM' in that working together everyone does achieve more. The 11th Canadian Collaborative Conference held here in our city of Winnipeg will not only provide the participant with practical knowledge and skills to take home with, it will also inspire them with stories of success and purpose that have moved clinicians to reach higher.

We look forward to having you participate in this amazing event and thank you in advance for your generous contribution.

Dr. Randy Goossen
 Medical Director of Community Mental Health
 WRHA/University of Manitoba
