## Keynotes

Made in Canada - Towards an integrative model for collaborative care

*Nick Kates*

The collaborative pursuit of optimal health and well-being in our patients:  
overcoming the barriers to change in thinking and practice

*L. Read Sulik*

## Concurrent Sessions

### *Morning*

Families amongst the agencies: service provider perspectives

*Noah Spector*

Healthy Heroes: promoting healthy behaviour change for weight-related body  
issues in Canadian families

*Jessica Baratta*

School avoidance in children and youth

*Olivia MacLeod*

Structural and systemic barriers to mental health care for communities of  
colour

*Vashti Campbell*

Supporting the mental health of refugees in Ottawa: a collaborative shared  
care model

*Doug Gruner, Azaad Kassam, Siffan Rahman and Bonita Varga*

A third-year program in psychiatry for family doctors

*Jon Davine*

Collaborating to empower front-line primary care staff to effectively and  
compassionately respond to patients in crisis

*Tracy Meeker, Loanna Maidment and Vicki Bassett (contributing author)*

Building primary care capacity in mental illness and addictions through large-scale mentoring networks

*Arun Radhakrishnan and Susan Rock*

Works in Progress\* From screening to services: integrating the HEADS-ED mental health screening tool into primary care

*Mireille St-Jean and Mario Cappelli*

Works in Progress\* Innovations under one umbrella: creating mental health delivery options in northwestern Ontario communities

*John Haggarty and Supuneet Bismil*

Works in Progress\* Using web-based REDCap to support mental health integration in primary care for ADHD treatment

*Walaa Gomaa, Kathleen Pajer, William Gardner, Meghan McCann and Philippe Robaey*

## **Afternoon**

Cognitive behavioral therapy in children/teens

*Katharina Manassis*

Works in Progress\* The ORACLE collaborative pathway - for pregnant people who use substances

*Joan Bueckert, Kim Corace, Laura Gaudet, Amy McGee, Andrew McLellan, Laura Sellers and Melanie Willows*

Core components of collaborative-care models for integrating mental health and physical health care services in primary care setting: results from a scoping review

*Heather Bullock and Judith Versloot*

Shared care in diabetes and mental health: why we need to talk about it?

*Gaurav Mehta*

Collaborative family involvement in adult mental health care: narratives from 3 countries

*David Humphreys*

Ten years of research in collaborative youth mental health (YMH) care in multi-ethnic and socioeconomically diverse neighbourhoods: lessons learned

*Lucie Nadeau, Janique Johnson-Lafleur and Cécile Rousseau*

Works in Progress\* A new approach to patient-centric collaborative mental health care: focusing on functionality and capitalizing on technology

*Cheryl Netterfield*

Can e-therapies reduce mental health service use? Results from a randomized controlled trial of coach-facilitated online therapy in patients with depression referred to secondary care services

*Simon Hatcher*

TIPP-TOE: transfer to primary practice - the Ottawa Hospital experience

*Tracy Meeker, Colleen MacPhee and Paddi O'Hara Consulting (contributing author)*

Weight matters: improving care for youth with eating disorders and obesity

*Wendy Spettigue, Mark Norris and Annick Buchholz*

Foundational clinical routines of integrated primary care for hard-to-serve populations

*Alexander Blount*

Collaborating to improve access to social benefits for persons with mental illness and addictions: an interactive workshop

*Michael Tau, Jackie Esmonde, Rami Shoucri, Johanna MacDonald, Marie Chen, Mary Marrone, Abbas Ghavam-Rassoul, Gary Bloch, Jon Hunter, Kristina Powles and Nadiya Sunderji*

Moving from anxiety to optimal wellness

*L. Read Sulik*

**Presentations by the CFPC/CPA 2017 Collaborative Mental Health Care Award winners:**

A race against time

*James Felix*

St. Michael's Hospital Academic Family Health Team, St. Michael's Hospital Mental Health and Addiction Services, Ryerson University Psychology

*Abbas Ghavam-Rassoul, Celia Schwartz, Priya Vasa and Nadiya Sunderji*

# SATURDAY, JUNE 3, 2017

## Keynote

Fasten your seatbelts! Driving improvements in collaborative care through quality measurement

*Nadiya Sunderji*

## Concurrent Sessions

### *Morning*

Child and youth mental health symposium

Part I: Overview of child and youth shared care in Canada

*Helen R. Spenser*

Part II: The CanREACH Pediatric Pharmacology Program

*Blair Ritchie*

Part III: Project ECHO® Ontario Child and Youth Mental Health (CYMH)

*Kathleen Pajer, William Gardner, Josée Blackburn and Cindy Dawson*

Connecting with persons experiencing mental illness and substance use: patient perceptions of helpful care

*Cezara Hanganu and Lydia Ould Brahim*

Trans Canada: building transgender community connections

*Mateo Huezo*

Promoting mental health and coping skills among sexual and gender minority youth: a pilot community-based affirmative cognitive-behavioural group intervention

*Gio Iacono, Shelley L. Craig and Ashley Austin*

Communication, coordination, collaboration

*Dianne Delva*

The healing power of a shared care model: identifying the role of a collaborative culture and improving service delivery to vulnerable populations by applying lessons learned from individuals with lived experience

*Maria Bargeman*

A qualitative, realist evaluation of three collaborative care projects designed to improve the delivery of health services for patients with physical and mental health comorbidities

*Elizabeth Mansfield and Melissa Winterbottom*

How we can better meet the needs of parents of people with schizophrenia

*Susan Inman*

Navigating Medical Assistance in Dying (MaiD) in primary care: readiness, roles, and realities

*Cecelia Palmer and Jennifer Morritt*

Patient-centered care: addressing complex youth mental health needs in primary health care

*Ashnoor Nagji and Daniela Milea*

Designing, developing and leading an active multidisciplinary association for university students in mental healthcare

*Eleanor McGroarty and Erinn Brown*

Adolescent therapy using film: theory and process

*Nadeem Akhtar, Shirley Hurley and Andrea Speziale*

Valuing mental health stakeholder group - a live experiment in community collaboration contributing to better mental health and addiction services in Alberta

*Tom Shand and Scott Phillips*

A grounded theory study to develop an incentive model for quality care of depression and anxiety in Ontario Family Health Teams: initial findings from Phase 1

*Matthew Menear and Rachelle Ashcroft*

Evaluation of an electronic consultation service in psychiatry for eastern Ontario

*Julia Stratton and Douglas Archibald*

## **Afternoon**

Protocol development to ensure children and youth with mental health crises have timely access to services

*Shirley Sze and Raj Chahal*

Suicide prevention among men: innovative interventions with a high-risk demographic

*Marnin J. Heisel and Simon Hatcher*

Can you really do this in primary care? The DA VINCI Project

*Nadeem Akhtar, Jehaan Illyas, Brad LaForme and Katie Davidman*

Inter-agency collaboration: a bridge from hospital to community services

*Mariève Hurtubise, Pamela Storey Baker, Hazen Gandy and Smita Thatte*

Effective knowledge translation with the I2I: innovation to implementation in 7 steps

*Liz Wigfull*

Supporting primary care to deliver mental health and addiction care: contrasting current models in Ontario, Canada

*Arun Radhakrishnan and Jose Silveira*
